This deposit is non-refundable. The total deposit placed is then put toward the final payment of the overall event cost. In regards to large events and weddings we require a **minimum of a 50% deposit to be made a month prior to your event** and the **remaining balance, less the hold the date deposit, to be paid 2 weeks prior to your event.** If we are providing serve-ware rentals (plates, platters etc.) that separate deposit is due (CASH or VENMO ONLY) 2 weeks prior to your event with your final payment.

All of your payments, with exception to your hold the date deposit and cake consultation fees, are 100% refundable up to 15 days prior to your event. If any special ingredients, tools, equipment or any other items were purchased, or already created for your event, a partial amount will be retained to cover those costs. If your event is canceled 14 days or less, your payments are no longer refundable. We will work with you to try to reschedule (date subject to availability). If items were created for your event, that are not able to be saved, you may be subject to additional costs if we are rescheduling your event and the items wont hold, as we will have to remake them.

**If your balance payment isn't paid in full two weeks prior to your event, your spot will be forfeited.**

**NO PAYMENTS WILL BE ACCEPTED UPON DELIVERY**
